

# Risk & Resilience Insight Tours

In an increasingly uncertain world, organisations are facing intense pressure from stakeholders to demonstrate effective risk and resilience management.

MAXIMISE OPPORTUNITIES, MINIMISING THREATS

Visit And Learn
How Leading
Firms Manage Risk
& Resilience...

# Where We Are Now

# Existing Approaches To Risk Learning Are Not Enough.

Risk training courses and conferences are unable to support risk leaders keep up and tackle the broad, complex and rapidly changing threats their firms now face.

# Acquire The Skill Set That Keeps Pace With Evolving Risk Practices.

The KRisk Study Tour programme is an essential learning experiences for risk leaders who want to see in practice, with their own eyes, how leading firms and leaders effectively identify and respond to risk events and protect enterprise value.

### A new concept in immersive learning...

Risk & Resilience Insight tours are a proven, innovative way for risk leaders to network, benchmark and learn from peers in other sectors. Seeing in practice how firms have overcome issues and achieved success allows you to find out how solutions adopted by other sectors can add value to your business.

Designed for those involved in managing or leading business operations, risk, resilience or business improvement you'll:

- Discover how practices adopted in other sectors can add value to your business.
- See in practice how other businesses have overcome issues and achieved success in risk and resilience.
- Benefit from acquiring tools and techniques that will allow you to develop new strategies to improve the way in which you manage enterprise risk and resilience.

KRisk.co

### Designed to be engaging and interactive...

KRisk, ensure you have the opportunity to see how other organisations handle risk and resilience up close, giving you a wider outlook and the opportunity to network, benchmark and learn from peers in other sectors. It's like walking into a case study, giving you a real-life experience of different approaches to risk and resilience in different organisations and different sectors.

KRisk's interactive and innovative R&R tours provides a uniquely interactive learning experience to help you:

- Think in an integrated way about enterprise risk and resilience capability
- Acquire tools and techniques to develop new strategies to improve the way in which you manage enterprise risk and resilience.
- Participate in practitioner lead on peer discussions, challenging leading edge practice and thinking.
